Ricopre il ruolo di responsabile dello spoke 5 del Tuscany Health Ecosystem (THE)

Marco Pierini's short CV

He holds a degree in Mechanical Engineering and a PhD in Machine Design and Construction (University of Florence).

After his PhD, he worked at European universities: the Danish Technical University (DK), the University of Manchester (UK), KU Leuven (B), and the Fiat Research Center (I).

He was the coordinator of PhD programs in Machine Design and president of the single council of the industrial engineering degree programs.

Since 2021, he has been the Vice-Rector for Technology Transfer, Cultural Activities, and Social Impact at the University of Florence and president of the University's Research and Innovation Foundation.

He is a member of the board of directors of the Made in Italy Circolare e Sostenibile (MICS) foundation, a member of the steering committee of the RESearch and innovation on future Telecommunications systems and networks, to make Italy more smart (RESTART) foundation, and a member of the steering committee of the Toscana Life Sciences (TLS) foundation.

He is responsible for spoke 5 of the Tuscany Health Ecosystem (THE).
