

2025

WHAT IS RESEARCH WORTH?

Financial data as of 31.12.2025

6

ERC Projects

EU GRANTS

There are six projects funded by the European Research Council (ERC) for which TLS served as host institution, with a particular focus on cancer immunotherapy, antimicrobial resistance, and infectious diseases

HIGHLY QUALIFIED STAFF DEDICATED TO R&D ACTIVITIES

Out of the 454 total employees across TLS and the bioincubator, 83% hold at least a university degree. At TLS, the number of people dedicated to R&D and scientific services continues to be the majority (69%).

83%

Graduates

57%

Women at TLS

WOMEN IN SCIENCE

The female component is significant: 57% both at TLS and at the bioincubator. At TLS, women represent 50% of function managers, 55% of staff involved in R&D activities, and 88% of doctoral candidates.

SCIENTIFIC PUBLICATIONS

Scientific output remains high, with a total of 102 articles published in 2025 in international scientific journals. Of these, 22 articles stem from TLS research activities.

102

Publications

641

Agreements

A NETWORK OF RELATIONSHIPS AND COLLABORATIONS GROWING EVER STRONGER

From 2007 to today, incubated and affiliated companies together with the research groups hosted at TLS have signed 641 agreements, collaborations, and licenses, 40 of which in 2025.

PRODUCTS ON THE MARKET

Since TLS' birth, a total of 373 products have been launched on the market. In 2025, the number shows a slight increase compared to the previous year (+12).

Products

128

Types of services

SERVICE PORTFOLIO

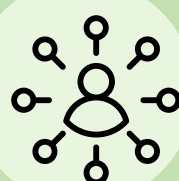

The offering includes 128 types of services, ranging from research services to serological analyses for clinical and environmental studies, food quality control, data management, and mobile solutions for the medical care sector.

AN EVER-RICHER ECOSYSTEM

There are 43 companies and research groups within the incubator. Specifically: 16 incubated companies engaged in R&D and/or services, 12 research entities/foundations, and 15 affiliated companies/organizations.
